WHO'S THE VELVET SUPERSLOTHS ANYWAY?

THE VELVET SUPERSLOTHS are a 5 piece heavy rock/groove metal band from Sherbrooke, Quebec.

Dave
Main Vocal

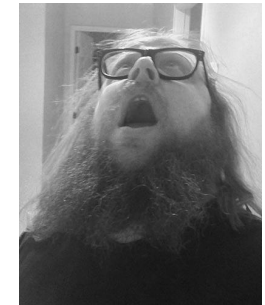

Eric
Guitar + Vocal

JF
Guitar

Yanick
Bass

Johnny
Drum + Vocal

THE VELVET SUPERSLOTHS has clean and screaming vocals, heavy and downtuned guitars, a fat and distorted bass sound, and slow to mid-tempo simple drum beats.

[For audio reference, click here.](#)

The band plays at fairly high volume onstage, the PA system should be able to provide power accordingly.

At the very minimum the band needs:

- 15 minutes for Load in
- 30 minutes for installation
- 30 minutes for Soundcheck

WHAT WE NEED FROM YOU

TECHNICAL REQUIREMENTS NEEDED TO GIVE THE BEST SHOW EVER

The venue must provide:

- A full PA System and its operator
- Microphones as specified in the band's input list
- Mic stands for the microphones
- Cables for these mics
- Required DI Box
- 6 monitors with 5 mixes
- Electrical outlets as specified on stage plot
- A lighting rig that can light the band from front and at few stage spots at minimum
- A video projector with a screen displayed as a stage backdrop
- A HDMI cable from the drummer position to the projector
- The video projector/screen can be replaced by a led screen wall
- 16ft X 16ft stage
- 8ft X 8ft drum riser (optional)
- A hazer machine that can produce a light haze in the venue for the duration of the show
- A lodge that can accommodate at least 6 people
- A clean bathroom
- Crew for load in/load out

CATERING AND ACCOMMODATION

Minimal catering, Please advise in advance otherwise:

- Sufficient water for 6 people (please avoid single use plastic bottles)
- A lodge that can accommodate at least 6 people
- 5 clean towels
- 24 local craft beers
- Snacks (chips, peanuts, fresh fruits)

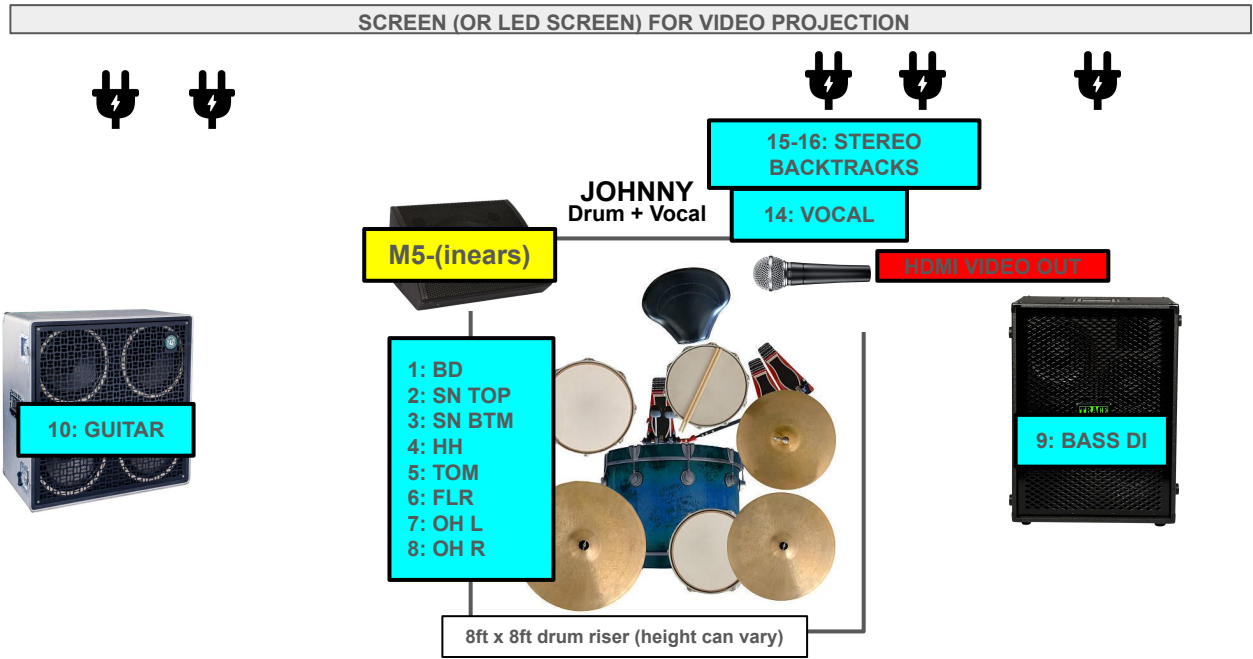

Ideal catering; All of the above plus:

- 6 hot meals
- 3 double hotel rooms
